BEST BITS FROM THIS WEEK

Welcome back to our summer term! The first week back has been filled with a love of learning all across school. Year 2 have used google earth to learn human and physical features in geography. Year 4's have been learning how to follow commands and instructions then translated this into creating codes for their partners. EYFS children have been digging in their new area outside and a child found a 'passage to dinosaur world' which then began a hunt for dinosaur bones and fossils. Year 6 have dived into their new book for this half-term and retrieved their knowledge of the Victoria era to look closely at the importance of light. Amazing first week back!!

Reminders:

We have a bank holiday coming up on the 3rd May.

Spring has sprung and we are having warmer weather. Please make sure your child has a water bottle in school every day to ensure they can hydrate and keep their brains ready for learning.
