

Week beginning - Monday 10<sup>th</sup> May 2021

## Glenbrook Newsletter

### BEST BITS FROM THIS WEEK

Another beautiful week of learning!

One of our F2 athletes pushed potential by creating their own coffee shop role play. They created signs and encouraged all our athletes to buy items from her using the correct money. Well done :) Year 3 have showed a love of learning when practising using speech using Rainbow Grammar cards to help with the structure of their sentences. Year 4 have explored 'the wonder of wings' this week by researching what factors contribute to something being able to fly. They constructed an experiment to estimate how far the balloon would travel with a straw attached. Fantastic exceeding expectations Year 4!
